

Costumes for Kids

Our 6th Annual Costume Drive is here!

As a year round costume shop (28 years!), we see kids trick or treating in our neighbourhoods, who can't afford a Halloween costume. Many, many parents are struggling to put food on the table. There's no time or money for their kids at Halloween.

That's where we come in. **Just Imagine** has had a request from another inner city children's support group asking for costumes this Halloween.

We collected hundreds in 2015. We need twice as many this year.

Please help us spread the word by sharing this message with your friends.

If you have costumes to share **please drop them at any Just Imagine location. We'll match them up with just the right child.**
